

The FAA Safety Team presents:

# **SMS for Small Fleet & Private Operators Course at HELI-EXPO 2014**

Safety Management Systems (SMS) have become a standard for large and medium sized commercial operators. The positive effect that SMS has on safety in those arenas is significant. Some aspects of these established systems make it difficult for smaller businesses or private operators to implement. This course will offer an overview of new IHST SMS programs and information which will allow small operations to reap the same safety benefits large operators have come to enjoy.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2014. Safety Challenge courses are FREE to all HELI-EXPO 2014 registered attendees.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2014 and receive a certificate of recognition for completing the 2014 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

- Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.
